## DIRECT CHALLENGES

---

This section includes reported, and numerous unreported cases from both state and federal jurisdictions where a “gatekeeping authority” has been cited or mentioned in a decision and the testifying expert’s methodology or qualifications have been challenged. Gatekeeping authority is defined as a seminal decision or rule of evidence that defines or interprets the standards for admissibility or expert witness testimony for the corresponding jurisdiction. This section includes results from over 165 gatekeeping authorities, including but not limited to *Daubert v. Merrell Dow, Frye v. United States*, and their progeny. Sources for unreported decisions include docket sheets, litigation reports, jury verdicts, and other online resources. Although care has been followed to gather this information, not all cases involving expert challenges are reported.

**Summary of Involvement:** Doe was retained by the Plaintiff to provide expert analysis and testimony on surveys conducted regarding the public perception of Plaintiff's products and/or the likelihood that consumers will confuse Defendant's goods with Plaintiff's goods in the instant case. Defendant filed a motion in limine to exclude his testimony. The Court concluded that the Plaintiff had failed to establish that his testimony regarding lost sales satisfied the FRE- Rule 702 standard and failed to demonstrate that his testimony was "based on sufficient facts or data" or that it was "the product of reliable principles and methods" that had been applied "reliably" to the facts of this case. The Court concluded that the challenged portion of his proposed testimony was too speculative to merit admission and accordingly granted Defendant's motion to preclude Plaintiff from presenting his testimony that Plaintiff lost one customer transaction for each Langdon Leather product sold by Defendant. However, the Court declined to exclude his testimony in its entirety.
